

Proposed Central Texas 8-Hour Ozone Flex Program (2008-2013)

TRIGGER	LEVEL	MEASURE(S)	IMPLEMENTATION PERIOD
None	Continuation of SIP-level EAC measures & Voluntary Emission Reductions Measures	List of EAC measures and Voluntary Programs Pending	Ongoing, 2008--2013
		Continuation of analysis of measures' effectiveness and emissions growth	
		Continuation of area-wide Commute Solution Program	Ongoing, 2008--2013
		Renewal of Idling MOA	Prior to expiration of current MOA
Signing of 8 -Hour O3 Flex MOA	Implement one or more of the following: Primary Emission Reduction Measure(s)	Apply for TERP funding (as available)	Within 24 months
		TERMS	Within 1 year or as scheduled
		Regional RideShare Program	Within 1 year
		Invite 5 or more additional cities to join CAC & become EAC signatories	Within 1 year
		Other measures identified and mutually agreed upon	As appropriate
		Request TCEQ implement Watch/Warning ozone alert system	Within 1 year
1-Jan-10	Implement one or more of the following: Maintanance for Growth Offset Measures	Apply for TERP funding (as available)	By December 31, 2010
		Invite all nonparticipating cities in MSA with populations ≥ 10K to join CAC & become EAC signatories	By December 31, 2010
		TERMS	By December 31, 2010
		Other measures identified and mutually agreed upon	As appropriate
		Energy efficiency and conservation programs	By December 31, 2010
84 ppb Ozone Design Value	Implement one or more of the following: Tier I Contingency Measure(s)	Apply for TERP funding (as available)	Within 24 months
		TERMS	Within 24 months
		Invite additional cities to join idling MOU	Within 24 months
		VMEP: Upgrade Regional RideShare Program & Clean Air Partner Program	Within 12 Months of 84 ppb DV
		Other measures identified and mutually agreed upon	As appropriate
		Voluntary use of NOx emissions-reducing additive to area fleets, school district buses, and/or non-road vehicles	Within 12 Months of 84 ppb DV
85 ppb Ozone Design Value (Violation)	Implement, and include in SIP, one or more of Tier II Contingency Measure(s)	Tier I Contingency Measures not already implemented	Within 24 months of violation
		At the request of the county and its principal city, expand Inspection & Maintenance Program to Bastrop, Caldwell and/or Hays counties.	Within 24 months of violation
		Request upgrade of I&M Program to include additional remote sensing & inclusion of diesel testing	Within 24 months of violation
		TERMS	Within 24 months of violation
		Request TxLED equivalent fuel (not just TxLED compliant fuel)	Within 24 months of violation
		Other measures identified and mutually agreed upon	Within 24 months of violation
