Form 3. Certifications and Assurances

Certifications

In order to receive grant funds under this program, the proposed project must conform to the provisions set forth in the Request for Applications (RFA). The following certifications are intended to help the COG to ensure that these provisions are met. By signing this Application, the person acting on behalf of the Applicant makes the certifications listed below.

Authority to Sign Application

The person signing this Application hereby certifies that he/she is the official contact regarding this Application and has authority from the Applicant to sign the Application and that such authority will bind the Applicant in subsequent agreements.

Application Contains No False Statements

Applicant certifies that this Application has no false statements, and that the Applicant understands that signing this Application with a false statement is a material breach of contract and shall void the submitted Application and any resulting contracts. The Applicant understands that the COG will not accept any amendment, revision, addition or alteration to this Application after the final date and time for submission.

Governmental Status

Applicant certifies that it is located in the State of Texas and fits within one of the governmental classifications listed below, as determined under state law:

1. City
2. County
3. Public school or school district (not including Universities or post-secondary educational institutions)
4. Other general and special law district with the authority and responsibility for water quality protection or municipal solid waste management, including river authorities
5. Councils of Governments

Solid Waste Fee Payments

Applicant certifies that it is not delinquent in payment of solid waste disposal fees owed the State of Texas.

Debarment from State Contracts

Applicant certifies that it is not barred from participating in state contracts by the State of Texas Comptroller of Public Accounts under the provisions of §2155.077, Government Code.

Conformance to Standards

The Applicant certifies to the best of their knowledge and ability that the proposed project, including all activities in the proposed Scope of Work and the proposed expenditures, conforms

to the eligible category standards and allowable expense and funding standards as set forth in the Request for Applications.

Consideration of Private Industry

The following certification only applies if the project is under one of the following grant categories:

- Source Reduction and Recycling
- Citizens' Collection Stations and "Small" Registered Transfer Stations
- A demonstration project under the Educational and Training Projects category
- Other

Applicant certifies that it has notified private service providers in accordance with the requirements set forth in the Request for Applications and the instructions provided with this application form. Applicant further certifies to the best of their knowledge and ability (after completing Form 5) that the proposed project will promote cooperation between public and private entities, is not otherwise readily available, and will not create a competitive advantage over a private industry that provides recycling or solid waste services.

Consistency with Regional Solid Waste Management Plan

Applicant certifies to the best of their knowledge and ability that the proposed project is consistent with applicable goals, objectives, and recommendations of the RSWMP of the COG.

Technical Feasibility

Applicant certifies that is has carefully reviewed its Scope of Work and that to the best of their knowledge and ability all activities are technically feasible and can be satisfactorily completed within the grant period as set forth in the Request for Applications.

Costs Reasonable and Necessary

Applicant certifies to the best of their knowledge and ability that the proposed project activities in the Scope of Work and the expenses outline in the Budget are reasonable and necessary to accomplish the project objectives, and that the proposed expenses are consistent with the costs of comparable goods and services.

Certification by Law Enforcement Programs

If the Applicant is a law enforcement entity regulated by Chapter 1701 of the Texas Occupations Code, the Applicant certifies that it is in compliance with all rules developed by the Commission on Law Enforcement (TCOLE) pursuant to Chapter 1701, Texas Occupations Code; or that it is in the process of achieving compliance with such rules. If compliance is pending, a certification from TCOLE must be attached to indicate that the Applicant is in the process of achieving compliance with the rules.

Assurances

If the application is approved for funding, the grant funds will be awarded through a contract between the Applicant and the COG. The grant contract will contain a number of standards, requirements, and processes that must be complied with as a condition of receiving the grant funds. In order to ensure an understanding by the Applicant of some of the main conditions that will be included in the contract, the Applicant is asked to review the following assurances. By signing this Application, the person acting on behalf of the Applicant indicates their understanding of these conditions and provides assurances that these and other conditions set forth in the grant contract will be adhered to if funding is awarded.

Compliance with Standard Pertaining to Real Property and Equipment

Applicant provides assurances that, if funded, the Applicant will comply with the UGMS and the contract provisions pertaining to title to and management of real property and equipment. The contract will contain obligations and conditions regarding the use of the equipment and/or facilities (the "property") acquired under the agreement. Included in the provisions are obligations to provide adequate maintenance and conduct physical property inventories; restrictions and conditions on the use, replacement, sale, or transfer of the property; and obligations to continue to adhere to the provisions that grant funds are not used to create a competitive advantage over private industry, in the use or transfer of the property.

Participation in TCEQ Recycling Surveys and Reporting

Applicant provides assurances that, if funded, the Applicant will respond to annual recycling program surveys and/or other requests from the COG or the TCEQ for information on municipal solid waste management activities.

Compliance with Progress and Results Reporting Requirements

Applicant provides assurances that, if funded, the Applicant will comply with requirements for: reporting on the progress of the project tasks and deliverables; documenting the results of the project and providing those results to the COG on a schedule established by the COG, and additionally, to continue to document the results of the project activities for the life of the project; and to provide the COG with a follow-up results report approximately one year after the end of the grant term.

Financial Management

Applicant provides assurances that, if funded, the Applicant will comply with contract provisions and requirements necessary to ensure that expenses are reasonable and necessary, and to adhere to financial administration and reimbursement procedures and provide financial reports on a schedule established by the COG.

Compliance with Americans with Disabilities Act

Applicant provides assurances that, if funded, the Applicant will comply with all the applicable requirements of the Americans with Disabilities Act of 2013.

Compliance with the Single Audit Act

Applicant provides assurances that, if funded, the Applicant will comply with the Single Audit Provisions of the Uniform Grant Management Standards (UGMS), prepared by the Governor's Office under §§783.001 et. seq, Texas Government Code, and 1 TAC §§5.141 through 5.167, (collectively UGMS) Governor's Office Regulations. Provisions of the Single Audit Circular in Part IV of the UGMS apply to all recipients of funding under this grant.

Compliance with Program and Fiscal Monitoring

Applicant provides assurances that, if funded, the Applicant will comply with program and fiscal monitoring provisions of the contract, including providing additional reports or information as may be requested to adequately track the progress of the project; and allowing site visits to evaluate the progress of the project and to view any grant-funded equipment or facility.

Form 4. Resolution

A resolution authorizing the application must be approved by the governing body of the Applicant. Following this page is an example Resolution Form that may be used to prepare the required resolution. This or a similar resolution must be specifically signed and notarized in addition to the signature required in Form 1. **This must be received by February 1, 2022**.

To complete your application, remove this page and replace it with a signed resolution or with documentation that the resolution will be considered by the entity's governing board by February 1, 2022.

Resolution of (name of entity) authorizing the filing of a grant application with the Capital Area Council of Governments (CAPCOG) for a regional solid waste grants program grant; authorizing James Oakley to act on behalf of Burnet County in all matters related to the application; and pledging that if a grant is received Burnet County will comply with the grant requirements of CAPCOG, the Texas Commission On Environmental Quality (TCEQ), and the State of Texas.

Whereas, CAPCOG administers solid waste grant funds provided by TCEQ for implementation of the COG's adopted regional solid waste management plan; and

Whereas, Burnet County in the State of Texas is qualified to apply for grant funds under the Request for Applications.

Now, therefore, be it resolved by Burnet County IN Burnet, Texas;

1. That James Oakley, Burnet County Judge is authorized to request grant funding under the CAPCOG Request for Applications of the Regional Solid Waste Grants Program and act on behalf of Burnet County in all matters related to the grant application and any subsequent grant contract and grant project that may result.
2. That if the project is funded, Burnet County will comply with the grant requirements of CAPCOG, the TCEQ, and the State of Texas.
3. The grant funds and any grant-funded equipment or facilities will be used only for the purposes for which they are intended under the grant.
4. Activities will comply with and support the adopted regional and local solid waste management plans adopted for the geographical area in which the activities are performed.

Passed and approved by Burnet County Commissioners' Court in Burnet, Texas on this the 11th day of January, 2022.

James Oakley
Burnet County Judge

Attest:

Janet Parker
Burnet County Clerk

Form 5. Explanation Regarding Private Industry Notification

Applicable to Applicants under the following grant categories:

- Source Reduction and Recycling
- Citizens' Collection Stations and "Small" Registered Transfer Stations
- A demonstration project under the Educational and Training Projects category
- Other

QUOTE - ADDENDUM

September 30, 2021

Mr. Damon Beirele, County Commissioner
Mr. Joe Don Dockery, County Commissioner
Burnet County, Texas
220 S. Pierce Street
Burnet , TX 78611

Dear Mr. Beirele and Mr. Dockery:

Thank you for allowing Clean Earth Environmental Services, Inc. (Clean Earth) to service your waste management needs. This addendum is to add additional services or pricing to your existing agreement with Clean Earth either at your request, or due to items or services performed that are not in your existing pricing schedule with us. Please see the below pricing schedule that will be added to your existing agreement as referenced below.

Pricing Details:

Disposal Charges:							
Item	**Alt. Description**	**Description**	**UOM**	**Price**	**QTY**	**Net Price**	**Minimums**
AF01	Flammable Liquids, bulked	Alternate fuel, <1" Sludge, (<3% halogens), BTU > 5000, for thermal treatment	55g	$95	Each	$95	NA
AF02	Flammable Liquids, bulked, fuel blending	Alternate fuel, 0-25% Sludge, (6-10% halogens), BTU > 5000, for thermal treatment	55g	$95	Each	$95	NA
AF01/AF02	Flammable Liquids, bulked, fuel blending	Alternate fuel, 0-25% Sludge, (6-10% halogens), BTU > 5000, for thermal treatment	T275	$242	Each	$242	NA
AF03	Flammable Liquids, bulked, fuel blending	Alternate fuel, 25-50% sludge, (< 3% halogens), BTU > 5000, for thermal treatment	55g	$95	Each	$95	NA
AF04	Flammable Liquids, bulked, fuel blending	Alternate fuel, >50% sludge, (< 3% halogens), BTU > 5000, for thermal treatment	55g	$145	Each	$145	NA
AF06-1	Flammable Solids, fuel blending	Loosepack paint, fAuel, non-processable, for thermal treatment	55g	$172	Each	$172	NA

INC19-8	Isocyanates, Reactive	Lab Pack, Incineration, Isocyanates	Lb.	$1.92	Each	$1.92	5g min=$220 15gmin=$445 30gmin=$556 55gmin=$740 CYBmn-$1090

The terms and prices contained herein shall be treated as confidential property and may not be disclosed to others before, during, or subsequent to the terms of this Agreement, except as required by law or as necessary to perform Services (and then only on a confidential basis satisfactory to both parties.

INC15-D2	Reactive, spontaneously combustible	Lab Pack, Incineration, Spontaneously Combustible (DOT 4.2)	Lb.	$4.81	Each	$4.81	See Minimums Labpack Table

Disposal Charges:							
Item	**Alt. Description**	**Description**	**UOM**	**Price**	**QTY**	**Net Price**	**14**
INC15-D1	Reactive Flammable Solids	Lab Pack, Incineration, Flammable Solids (DOT 4.1)	Lb.	$4.81	Each	$4.81	See Minimums Labpack Table
INC15-E1	Reactive, Hydrogen Peroxide	Lab Pack, Incineration, Perchloric Acid, Hydrogen Peroxide	Lb.	$4.81	Each	$4.81	See Minimums Labpack Table
INC15-E2	Reactive, Organic Peroxides	Lab Pack, Incineration, Reactive, Organic Peroxides (DOT 5.2)	Lb.	$6.76	Each	$6.76	See Minimums Labpack Table
INC15-W	Reactive, Water Reactive	Lab Pack, Incineration, Water Reactives (DOT 4.3)	Lb.	$4.81	Each	$4.81	See Minimums Labpack Table
INC19-6	Cigarette Lighters	Cigarette Lighters for Incineration	Lb.	$2.08	Each	$2.08	See Common Minimums Table
LF06	Non-hazardous, landfill	Labpack landfill, non-regulated	55g	$156.60	Each	$156.60	NA
LF06	Non-hazardous, landfill	Labpack landfill, non-regulated	CYB	$296	Each	$296	NA
REC01	Latex Paint, bulked	Latex paint, bulk container, for recycle	55g	$225	Each	$225	NA
REC04-H1	Mercury	Mercury compounds, solutions for retort	5g	$987	Each	$987	NA
REC05	Lead-acid batteries	Lead-acid batteries, for recycling	Lb.	$.32	Each	$.32	$10
REC14	Mercury	Mercury contained in manufactured articles, or dirt	5g	$375	Each	$375	NA
REC06	Flourescent Bulbs, CFLs	Mercury bulbs, for reclamation	Lb.	$1.29	Each	$1.29	$15
REC07	Used Oil	Oil, (with <10% water), for re-refining, recycle	55g	$75	Each	$75	NA
REC07	Used Oil	Oil, (with <10% water), for re-refining, recycle	T275	$215	Each	$215	NA
REC08	Antifreeze	Antifreeze (ethylene glycol), for recycle	55g	$125	Each	$125	NA
REC09	Lithium Batteries	Lithium batteries, Non-regulated, Universal Waste, for recycle	Lb.	$4.94	Each	$4.94	$50
REC09-1	Lithium-Ion Batteries	Lithium-Ion Batteries, Universal Waste, for recycle	Lb.	$1.07	Each	$1.07	$50

The terms and prices contained herein shall be treated as confidential property and may not be disclosed to others before, during, or subsequent to the terms of this Agreement, except as required by law or as necessary to perform Services (and then only on a confidential basis satisfactory to both parties.

REC10	Used Oil Filters	Oil filters, Non-regulated, for recycle	55g	$156	Each	$156	NA
REC11	NICD Batteries	NiCad batteries, Non-regulated, Universal Waste, for recycle	Lb.	$1.05	Each	$1.05	$25
REC11-1	NIMH Batteries	Nickel Metal Hydride Batteries, Universal Waste, for recycle	Lb.	$.32	Each	$.32	$25
REC42	HID Bulbs	Mercury Vapor/Sodium/Other Bulbs for Recycle Includes HIP, LPS, HID, HPS, ARC, Mercury vapor, Sodium lamps	Lb.	$1.98	Each	$1.98	$25
REC24	Alkaline Batteries	Zinc alkaline batteries, for recycle	Lb.	$.89	Each	$.89	$25
REC38	Freon Cylinders	Freon refrigerant, for recycle	Each	$135.25	Each	$135.25	NA
REC45	Non-PCB Ballasts	Containerized ballasts and capacitors, Non-PCB, or non TSCA, for recycle	Lb.	$.75	Each	$.75	Common Container Minimums Table
REC49	Latex paint, loosepack	Latex paint, loosepack, lab pack, for recycle	55g	$100	Each	$100	NA
REC49	Latex paint, loosepack	Latex paint, loosepack, lab pack, for recycle	CYB	$312	Each	$312	NA
REC60	Fire extinguishers	Fire extinguishers for recycle	Each	$82	Each	$82	NA
REC61	Propane Cylinders	Propane Cylinders, for recycle	Each	$22	Each	$22	NA
STAB06-6	Oxidizers, Inorganic	Treatable oxidizer, Labpack	5g	$296	Each	$296	NA
STAB06-6	Oxidizers, Inorganic	Treatable oxidizer, Labpack	55g	$1,069	Each	$1,069	NA
WAT16A	Acids, Inorganic	Lab Pack, Treatment, Inorganic Acids	55g	$244	Each	$204	NA
WAT16A	Acids, inorganic	Lab Pack, Treatment, Inorganic Acids	5g	$65	Each	$65	NA
WAT16B	Bases, Inorganic	Lab Pack, Treatment, Inorganic Bases	55g	$246	Each	$246	NA
WAT16B	Bases, Inorganic	Lab Pack, Treatment, Inorganic Bases	5g	$63.81	Each	$63.81	NA

Mobilization & Labor Charges:							
Item	**Alt. Description**	**Description**	**UOM**	**Price**	**QTY**	**Net Price**	**Minimums**
LBMOBDST	Mobilization	Mobilization/ Demobilization, 20 staff	Flat Rate	$9,879.33	1	$9,879.33	NA
LBHHW	Site Setup	Site Set up fee (4 staff)	Flat Rate	$465	1	$465	NA
LBPROJMST	Project Manager	Project Manager, Straight Time	Hourly	$65	Each	$65	4 Hour Minimum

The terms and prices contained herein shall be treated as confidential property and may not be disclosed to others before, during, or subsequent to the terms of this Agreement, except as required by law or as necessary to perform Services (and then only on a confidential basis satisfactory to both parties.

LBCHEMST	Chemist	Chemist, Straight Time	Hourly	$65	Each	$65	4 Hour Minimum

Subject: Re: County of Burnet,TX

Enclosed are the current prices that we received from Clean Earth.

We normally hold our event on a S

Please take note that the 25 employees was their estimate of employees necessary to work a HHW event.

If your normal estimate of the number of employees is higher or lower please feel free to quote your actual estimate.

Please feel free to take your time as we are under contract with Clean Earth for our next HHW Collection event in October.

I am requesting your current pricing so that I can report back to my Commissioners.

We understand that prices may change and will request an updated quote for any future event.

Thank you for your assistance,

Jana

Pricing Request

1 message

Jana Teague <jteague@burnetcountytexas.org> Mon, Jan 17, 2022 at 3:43 PM
To: Trey.Franklin@cleaningguys.com

Burnet County is planning on holding a HHW event in October 2022. We are in the process of writing a solid waste grant and we are needing to request payments from vendors. If you could please see the pricing list enclosed and fill out the prices it would be helpful for our application process. Please note that we will be going out for bids closer to the event day.

I apologize for the short notice, but could you get this to me by Thursday, January 20 since the application will be due the next day.

Your help is greatly appreciated.

Form 5b. Summaries of Discussions with Private Industry

(Refer to instructions concerning information to include on this form. Attach any written comments or input provided)

Hill Country Recycling Corp. is our local recycling company for which we have a long lasting relationship. HCRC historically sends at least 2 employees to assist with the collection event. HCRC employees usually man the battery and electronics post to help separate the types of recycling or disposal. HCRC also provides the collection event by providing a 40 ft dumpster for any scrap metal we collect at our HHW event. Any proceeds from the scrap metal disposal are deposited back into the Burnet County Restricted Fund.

We have been using the Stericycle/Clean Earth Company for many years as a sole source for our collection event hazardous waste disposal. With more and more companies in the State of Texas providing hazardous waste disposal services we have contacted multiple businesses requesting pricing on cost of disposal. We have received multiple amendments with price changes and corrections from Clean Earth while we were preparing for the October 2021 collection event. Enclosed is the final amendment dated 9/30/2021.

We contacted Clean Harbors in October 2021 and requested their prices for disposal. At the time, they were aware that we wouldn't be able to use their services for the October 2021 event. Their pricing is included.

Multiple other companies have also been contacted via email in preparation for this application. Any price listings we received are included in this application.

Due to the fact that historically our disposal costs have been on average $70,000. Burnet County will be going out for bid in the very near future in order to properly request pricing for hazardous waste disposal.

Form 6. Project Description

[Provide description of the project here]

The Burnet County Household Hazardous Waste Committee (BCHHWC) in collaboration with Burnet County and the eight (8) municipalities within, the Central Texas Groundwater Conservation District, the school districts and several private entities, proposes to develop and implement a Household Hazardous Waste (HHW) that will include a one (1) day collection event and public awareness activities. The goal is to not only educate citizens on proper disposal, but provide a means for them to do so. In addition to collecting HHW, items accepted will include batteries, used oil and filters, all types of paint, antifreeze, scrap tires, electronics and scrap metal. The project service area will include all communities and rural areas within Burnet County and the project is estimated to benefit over 500 households or 2,100 individuals with 450+ vehicles bringing items to the event. The 2023 Burnet County Household Hazardous Waste Collection Project (Project) is tentatively scheduled **for Saturday, October 15, 2022, in Burnet.** The HHW collection will be set up at the Burnet County Recycle and Reuse Center at 2411 FM 963.

The project will also include a public awareness component in order to publicize the event as well as provide additional information concerning the public's own responsibilities as waste generators. Flyers will be distributed through multiple newspaper venue inserts and numerous radio spots will be broadcasted through KBEY.

Customer incentives for participation will including holding the event in one central location with easy entrance and exit with no gate fees. This event will also include chemicals which are not included in our BOPATE collections.

This project will address these goals from the Regional Solid Waste Management Plan.

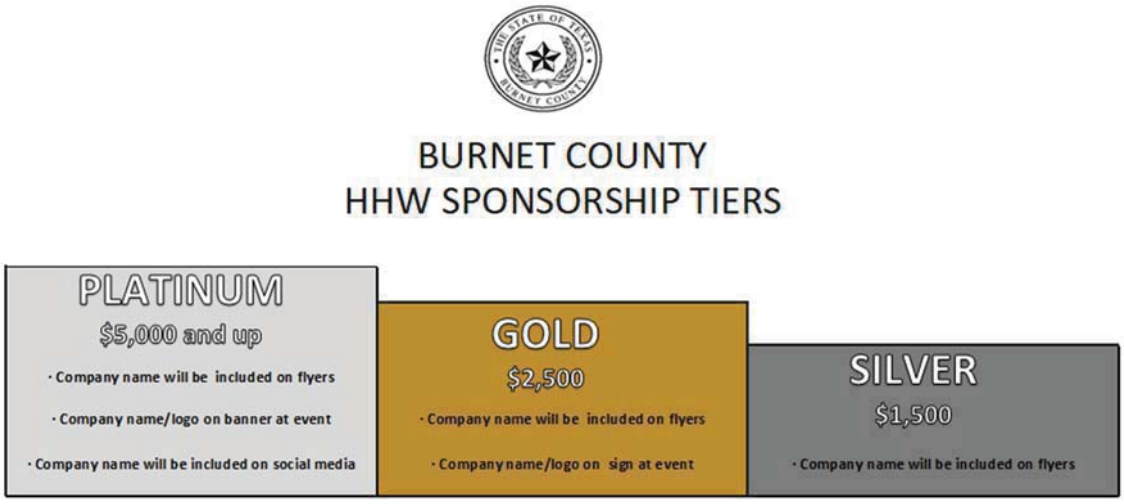
Goal #1: Promote community clean up events to provide citizens with alternative to illegal dumping

Objective: Coordinate public/private partnerships to share cost burden and promote sponsorship.

> Coordinate services to communities that do not have bulky item pick-up, curbside municipal solid waste services, or have illegal dumping issues.

This project includes significant financial and in-kind contributions from the county, municipalities, and private companies. Each partner/contributor has a vested interest in ensuring that HHW and other items are properly disposed of and do not end up in the water supply. At the last HHW event held on October 16, 2021, gate volunteers received $835.00 in public donations and $2 per tire over 10 per car.

For our October 2022 event, Burnet County has developed a sponsorship tier to promote public/private partnership with our local businesses.



Illegal dumping has become a problem in Burnet County. Burnet County's Environmental Deputy works with residents who have allowed their property to be out of state and local standards. The HHW event allows for many of the offenders to properly dispose the items which have become a nuisance.

Goal #2: Encourage a Household Hazardous Waste (HHW) collection and diversion program

Objective: Encourage public/private partnerships to share cost burden and provide services.

This project includes significant financial and in-kind contributions from the county, municipalities, and private companies. Each partner/contributor has a vested interest in ensuring that HHW and other items are properly disposed of and do not end up in the water supply. At the last HHW event held on October 16, 2021, gate volunteers received $835.00 in public donations and $2 per tire over 10 per car. The Sponsorship Tiers program will allow businesses to have a small bit of recognition that they are supporting our event as well as helping Burnet County have the ability to dispose of items properly.

Goal #3: Continue and enhance current enforcement programs of illegal dumping

Objective: Support all programs that aim to curtail illegal dumping

Burnet County Sheriff's Office has an Environmental Deputy that is responsible for investigation of environmental complaints throughout the county. Many of the investigations include residents who have tires and other items on their property that are statutorily forbidden to remain on their property. During the time of promoting the collection event, the deputy works with the offenders who have been given a limited time to have their property cleaned before arresting them. The deputy lets them know that there is an alternative way to dispose of their tires and other items included in the HHW event. The

deputy has reported that he feels that having the collection event has remarkably decreased the number of illegal dumping situations in the county.

Goal #4: Explore alternatives to dealing with the disposal of special wastes.

Objective: Determine effective and efficient management of used tires and oil.

This project will accept used tires and oil as well as antifreeze, and paint. We request that vendors recycle as much of the materials as possible. Reliable Tire Disposal shreds tires collected into 1" pieces that are distributed to one of multiple locations were they are used as Tire Derived Fuel (TDF). The steel recovered from the tires will be sent to a steel factory and recycled into rebar and angle iron products.

Goal #7: Ensure the proper management and disposal of municipal solid waste

Objective: Encourage best industry practices for all MSW facilities

Encourage MSW facilities to be involved with surrounding communities

This project will require all vendors who dispose the items collected during the HHW event to meet the requirements of all state and local standards. This event will be open to all residents from communities and municipalities in Burnet County.

Goal #12: Reduce the amount of municipal solid waste generated and disposed of within the region

Objective: Target waste reduction activities to the specific waste streams

This project will provide alternative disposal outlets to allow residents to dispose of items that would be otherwise dumped illegally. All of Burnet County's Lakes flow into the Colorado River which supplies water for more than a million people, as well as businesses, industries, the environment and agriculture in the Lower Colorado River basin. Reducing illegal dumping in Burnet County benefits the entire Lower Colorado River basin.

Form 6a. Project Timeline and Milestone Summary

Provide a detailed timeline for completion of the project below, including specific milestones for completion of the project. Use generic time-frames based on the start date of the contract and issuance of a notice to proceed, rather than specific fiscal years, since grants may be programmed into either FY 2022 or 2023 if the project is anything other than construction of a new facility.

Within 1st month after notice to proceed:

- Commissioners' Court Award Acceptance
- Submit Request for Bids for costs of disposal if not already done
- Bill municipalities and Central Texas Groundwater Conservation District for their contribution

Within 2nd month after notice to proceed:

- Identify and contact Vendors not needing a bid process
- Determine script for radio announcements and set up recording with KBEY

Within 3rd month after notice to proceed:

- Work with awarded disposal vendor on getting the TECQ 45 day notice processed
- Develop public awareness/event flyers
- Set up dates for newspaper for flyers insert

Within 4th month after notice to proceed:

- Identify and coordinate volunteers
- Finalize flyers
- Print flyers
- Submit flyers to newspapers for inserting

Within 5th month after notice to proceed:

- Set up day before event
- Day of event hold training for volunteers
- Hold event

Within 6th month after notice to proceed:

- Approve and pay all invoices
- Record collection statistics
- Calculate revenues and costs submit final report including statistics

Form 6b. Project Cost

Total project cost, including in-kind and match:	$103,132.68
Total in-kind contribution to total project cost:	$17,337.68
Total proposed financial match (not in-kind) for total project cost:	$50,795.00
Total in-kind plus financial match:	$68,816.36
Total % proposed to be covered by in-kind plus match:	66.06%
Minimum amount of grant funding willing to accept offered for same scope:	$35,000.00
Minimum amount of grant funding willing to accept offered for reduced scope:	$35,000.00

Due to the high cost of chemical and latex paint disposal, it would not be plausible to reduce the scope of the Household Hazardous Waste collection event since the amount of the grant is only a portion of the invoice for chemical and paint disposal. Any reduction would require Burnet County to make the October 2022 event a BOPATE event only.

Form 6c: Priority Project Types in the CAPCOG RSWMP

Which of the following project types best describes this project?

- [ ] A permanent Household Hazardous Waste (HHW) facility or reuse center
- [ ] Equipment specifically used for the collection and transportation of HHW materials
- [x] HHW collection event(s)
- [x] Programs that deal with scrap tires
- [ ] Litter and illegal dumping cleanup
- [ ] Community collection event(s)
- [ ] Illegal dumping and local enforcement programs
- [ ] Recycling services, programs, and market development
- [ ] Other

Form 6d: Use of Funding for New or Expanded Programs

Which of the following best describes whether your project serves as "seed" money to start new programs or expand existing programs?

- ☐ Serves as seed money for a new program
- ■ Expands a current program
- ☐ Maintains an on-going program

The Burnet County Household Hazardous Waste Committee (BCHHWC) in collaboration with Burnet County and the eight (8) municipalities within, the Central Texas Groundwater Conservation District, the school districts and several private entities has been providing an annual Household Hazardous Waste or BOPATE collection event since 1996 with the exception of a few of those years. Although grant funds have been received multiple times for this type of event, there are years that the event continued even without grant funding. The HHW event held in October 2021, was funded fully with contributions from Burnet County, the eight (8) municipalities within, the Central Texas Groundwater Conservation District and public donations. We have plans to have a BOPATE event in Spring 2022. This event will be fully funded with contributions from Burnet County, the eight (8) municipalities within, the Central Texas Groundwater Conservation District and public donations. The Spring 2022 BOPATE collection event does not include all types of waste collection. The request we are making now is for the expanded collection for all hazardous household wastes, metals and tires for the October 2022 event.

Marble Falls	5,000
Meadowlakes	1,000
CTGCD	25,000
	50,795

Enclosed is the invoice from our October 2021 event showing the manifest of the types of household hazardous waste. These items were properly disposed which not only keeps the environment safe, but also decreases the possibility of a resident dumping illegally. These pictures from our October 2021 event in which Burnet County residents in over 400 vehicles participated.

Form 6e: Regionally Coordinated or Multi-Jurisdictional Project

Is the project regionally coordinated or multi-jurisdictional?

- [x] Yes
- [ ] No

Burnet County HHW event is a multi-jurisdictional collaboration with Burnet County, the eight (8) municipalities within, and the Central Texas Groundwater Conservation District. Each jurisdiction provides financially, with volunteers and some provide the use of equipment.

With each event, school districts including Burnet HS, Marble Falls HS and Faith Academy are contacted to offer students community service hours for various school based organizations. High School aged kids of Burnet County employees have also volunteered with the HHW event.

City of Bertram

January 12, 2022

I am writing to express my support Burnet County in the Household Hazardous Waste Collection Event application for CAPCOG Solid Waste Grant Program. As the mayor of the City of Bertram, I welcome the opportunity to collaborate with Burnet County and other surrounding local governments to allow residents to drop off household hazardous wastes.

Although I cannot commit to a specific amount of financial support at this time, historically our city has budgeted an amount to support previous countywide collection events.

We look forward to another opportunity to reduce and recycle household hazardous waste in our community as well as other communities within Burnet County.

Sincerely,

Mike Dickinson
Mayor, City of Bertram
P.O. Box 1604
Bertram, TX 78605

CITY OF HORSESHOE BAY

January 12, 2022

To whom it may concern:

I am writing to express my support Burnet County in the Household Hazardous Waste Collection Event application for CAPCOG Solid Waste Grant Program.

As the city manager of the City of Horseshoe Bay, I welcome the opportunity to collaborate with Burnet County and other surrounding local governments to allow residents to drop off household hazardous wastes. This has been a very successful event and as our communities continue to grow it is now more important than ever that we protect our environment and water quality.

Although I cannot commit to a specific amount of financial support at this time, historically our city has budgeted an amount to support previous countywide collection events.

We look forward to another opportunity to reduce and recycle household hazardous waste in our community as well as other communities within Burnet County.

Sincerely,

Jeffrey A. Koska
Interim City Manager, City of Horseshoe Bay

TEXAS

Office of the Fire Chief

January 12, 2022

I am writing to express my support Burnet County in the Household Hazardous Waste Collection Event application for CAPCOG Solid Waste Grant Program. As the Fire Chief of the City of Marble Falls, I welcome the opportunity to collaborate with Burnet County and other surrounding local governments to allow residents to drop off household hazardous wastes. This event prevents contamination of drinking water and all of the Highland Lakes by ensuring household hazardous waste is properly disposed.

Although I cannot commit to a specific amount of financial support at this time, historically our city has budgeted an amount to support previous countywide collection events.

We look forward to another opportunity to reduce and recycle household hazardous waste in our community as well as other communities within Burnet County.

Sincerely,

Russell Sander, FSCEO, CFE
Fire Chief

Form 6f: Public-Private Partnership

Does the project involve a public-private partnership?

- [x] Yes
- [ ] No

Burnet County has a good relationship with vendors we use for the collection events. Although there is a cost for some of the services, vendors have employees who work during the events and donate some of the services that they provide.
We have ave contacted several local businesses requesting financial help with the HHW event. Burnet County has applied and been awarded a grant from Lehigh Hanson. Other businesses have been interested in contributing to the HHW event. Burnet County has come up with a sponsorship tier program that identifies how companies can be recognized when donating to the HHW event. Recognition includes social media mentions, name or logo on a banner to be posted during the event and name on the flyers that are distributed through local newspapers notifying residents of the event.

Hill Country Recycling Corp.
P.O. Box 3040
2000 2nd St
Marble Falls Texas 78654
(830) 693-3667

January 20, 2022

Hill Country Recycling Corp is looking forward to being part of the Burnet County HHW Event in October 2022. We will provide roll-off boxes. We will pay for all metals and lead acid batteries and accept rechargeable batteries. Previous events we have had to charge for all alkaline batteries at previous events. However at this time, we cannot accept them at all.

Metals – Price will be set in October with a monthly price
Lead Acid Batteries – We will pay $0.10 per pound
Rechargeable Batteries – We will accept at no charge or payment

If you have any questions, please feel free to email or call me.

Thank you,

Matthew Smith
Vice President
Hill Country Recycling Corp

January 17, 2022

Reliable Tire Disposal is looking forward to being part of the Burnet County HHW Event in October 2022. Generally, all tires collected by Reliable Tire Disposal will be brought back to our Burnet facility and shredded into 1" chips and then delivered to one of multiple locations where it is used as Tire Derived Fuel (TDF). The steel recovered from the tires will be sent to a steel factory and recycled into rebar and angle iron products.

Historically, we have disposed of two 53ft. trailers which is approximately 1,600 tires.

If you have any questions, please feel free to email or call me.

Thank you,

Anetra Thomas

Form 6g: Funding in Prior Biennium

Is the project an activity that was funded exclusively by the applicant in between September 1, 2020 – August 31, 2021, without grant funding?

- [x] No
- [ ] Yes

[Enter explanation here, including whether any activity was only partially funded by grants; also include an explanation on Form 6 as to how awarding a grant to this project would not constitute supplanting if the answer to this question is "yes"]

Did the applicant receive any solid waste grant funding from CAPCOG as part of its FY 2020-2021 grant program?

- [ ] No
- [x] Yes

[Enter explanation here]

Burnet County received $41,294.71 during the FY 2020-2021 grant program for equipment and supplies for our permanent reuse and recycle facility. The equipment purchased was a 15 foot Chemical Storage building which would allow temporary and safe storage for hazardous wastes that are collected at the reuse and recycle facility to be properly disposed. Other items included five tire trailers to be stored at all 4 precinct barns and the recycle and reuse facility for a permanent location for tire disposal, a 12ft by 20ft storage building to be available for items including paint to be available for residents to purchased at a reasonable cost, spill containment berm, and an oxidizing corrosive cabinet for save storage until properly disposed. Supplies included safety glasses and disposable coveralls, recycling boxes for florescent bulbs, gaylord shipping boxes, loose absorbents, various sizes of drums and liners, and plastic for containment when collecting paint and other items. Some of these items were used during our HHW collection event in October 2021.

Form 6h: FY 2022 Budget Consideration

Is any funding for this project already included in the organization's FY 2022 budget?

☒ No

☐ Yes

If "Yes," complete the following two questions:

1. What percentage of the total project cost was already budgeted? %_____

Note – percentage must be less than 100% in order to be considered for funding.

2. Explain how grant funding awarded for this project would expand this activity, rather than supplant it.

[Provide explanation here and on form 6]

Form 7. Grant Budget Summary

NOTE: Form 7 through 7h are in the associated Excel Workbook entitled FY 2022-2023 SW Grant Budget Forms. Please be sure to attach Form 7 with your proposed grant budget prior to submittal.

Budget Category	Funding Amount
1. Personnel/Salaries	
2. Fringe Benefits	
3. Travel	
4. Supplies	
5. Equipment	
6. Construction	
7. Contractual	$35,000.00
8. Other	
9. **Total Direct Charges** *(sum of 1-8)*	$35,000.00
10. Indirect Charges*	
11. **Total** *(sum of 9 - 10)*	$35,000.00

12. Fringe Benefit Rate:	0.00%	Assumed to apply to salaries unless otherwise explained
13. Indirect Cost Rate:	0.00%	

Identify, in detail, each budget category to which your indirect cost rate applies and explain any special conditions under which the rate will be applied:

*In accordance with the UGMS, indirect charges may be authorized if the Applicant has a negotiated indirect cost rate agreement signed within the past 24 months by a federal cognizant agency or state single audit coordinating agency. Your latest indirect cost allocation plan MUST be attached.

Please complete any of the following detailed budget forms that are applicable.

Form 7a: Project Cost Summary (same information as identified in form 6b-Project Cost)	**$**	**%**
Total project cost	$103,133.00	
Total in-kind contribution to total project cost	$17,338.00	16.81%
Total proposed financial match (not in-kind) for total project cost	$50,795.00	49.25%
Total in-kind plus financial match	$68,133.00	66.06%
Minimum amount of grant funding willing to accept offered for same scope	$ 35,000.00	33.94%
Minimum amount of grant funding willing to accept offered for reduced scope	$ 35,000.00	33.94%

Form 7b: Detailed Personnel/Salaries Expenses					
For each employee to be funded wholly or in part by this grant, complete one of the lines in the table below. Please refer to the definitions provided in the instructions in completing this sheet.If funds are awarded, changes to grant-funded positions must be approved in advance by the COG.					
Position Title	Function	FTE	Status	Monthly Salary	Total Cost
		0		0	$0.00
Total (Must equal Line 1 of the Overall Budget Summary)					$0.00

Form 7c: Detailed Travel Expenses

This budget form provides a more detailed breakdown of the total expenses for travel indicated on Line 3 of the Overall Budget Summary.

Please describe the types of routine in-region travel expenses expected and purpose for the travel.

Routine In-Region Travel	Purpose of Travel	Estimated Cost

All out-of-state travel expenses and other non-routine travel, such as out-of-region travel to special training or events must be pre-approved by the COG. Complete the following information for all requested non-routine travel, including any out-of-state travel. If those details are not presently known, the COG will need to approve those travel costs before the travel occurs.

Non-Routine Travel Expenses

Date(s)	Purpose & Destination	Person(s)	Estimated Cost
			$
			$
			$
Total Travel Expenses (Must equal Line 3 of the Overall Budget Summary)			0

Form 7d: Detailed Supply Expenses	
This budget form provides a more detailed breakdown of the total expenses for supplies indicated on Line 4 of the Overall Budget Summary.	
Please list the general types of supplies you expect to purchase with grant funding.	
General Types of Supplies	Estimated Cost
General office/desk supplies	
Other supplies (explain below):	
TOTAL (Must equal Line 4 of the Overall Budget Summary)	$0.00

Form 7e: Detailed Equipment Expenses			
All equipment purchases must be pre-approved by the COG. If the specific details of an equipment purchase are known, show that equipment on the list below. If the specific details of the equipment costs are not known at this time, list the general details on this form. The specific details of the equipment will then need to be provided to and approved by the COG before the costs are incurred.			
Equipment ($5,000 or more per unit) (Show description, type, model, etc.)	Unit Cost	No. Units	Total Cost
			$0.00
			$0.00
			$0.00
			$0.00
Total (Must equal Line 5 of the Overall Budget Summary)			$0.00

Form 7f: Detailed Construction Expenses

All construction projects must be pre-approved by the COG. If the specific details of the construction costs are not known at this time, list the general details on this form. The specific details of the construction will then need to be provided to and approved by the COG before the costs are incurred. For any subcontracted activities, the request for approval will need to include evidence that the contract price is reasonable and necessary (see instructions).

Types of Construction	Subcontracted (Yes/No)	Estimated Cost
Total (Must equal Line 6 of the Overall Budget Summary)		$0.00

Form 7g: Detailed Contractual Expenses

All contractual expenses must be pre-approved by the COG. If the specific details of the contractual costs are not known at this time, list the general details on this form. The more specific details of the contractual costs will then need to be provided to and approved by the COG before the costs are incurred. The request for approval will need to include evidence that the contract price is reasonable and necessary (see instructions). In addition, the subcontract scope of work must be approved by the COG before work begins.

Purpose	Contractor(s)	Contract Amount
Hazardous Waste Disposal	Historically Stericycle/Clean Earth	$35,000.00
Total (Must equal Line 7 of the Overall Budget Summary)		$35,000.00

Please note that we will be going out for bid for hazardous waste disposal costs.

Form 7h: Detailed Other Expenses

This budget form provides a more detailed breakdown of the total other expenses indicated on Line 8 of the Overall Budget Summary.
Please note that the final totals are at the bottom of the next page.

Basic Other Expenses

Please identify the basic "Other" category expenses you expect to incur appropriate to the project.

Basic Other Expenses	Estimated Cost
Books and reference materials	
Postage, telephone, FAX, utilities	
Printing/reproduction	
Advertising/public notices	
Registration fees for training (if approved)	
Repair and maintenance	
Basic office furnishings	
Space and equipment rentals	
Signage	
	$0.00

Additional Other Expenses

The specific details of additional "Other" category expenses, not included on the list of basic Other expenses, must be pre-approved by the COG. If the specific details of the additional Other expenses are not known at this time, list the general details on this form. The more specific details will then need to be provided to and approved by the COG before the costs are incurred.

Additional Other Expenses	Unit Cost	No. of Units	Total Cost
Computer hardware not listed under the Equipment category (itemize each expense below including description, type, model, etc.):	$0.00	1	$0.00
Computer software (itemize each expense below including description, type, model, etc.):	$0.00	1	$0.00
Additional Other expenses (itemize each expense below including description, type, model, etc.):	$0.00	1	$0.00
Total Other Expenses (Must equal Line 8 of the Overall Budget Summary)			$0.00
